

The Exchange Club Family Center, now in its twentieth year of operation, has been successful in breaking the cycle of child abuse for hundreds of parents and children living in Chester County, through its Volunteer Parent Aid program, parent support groups, parenting classes, and community educational programs about child abuse. Funding for the Center's child abuse prevention program is provided, in part, by the support of the Exchange Clubs of Chester County.

This magical evening of family entertainment has become the Center's largest fundraiser, put on through the joint efforts of all four Exchange Clubs in the County.

We are asking for your support by purchasing advertising to be shown during the night of our show. Your ad will be projected on the big screen on stage prior to the show, and during the show's intermission. Your ad will appear several times during the 30-minute period prior to the show, and again during the 15-minute intermission. **All ads are \$100.** Inclusion in our patron listing is also available for a cost of \$50 per listing. Thank you for supporting the Exchange Clubs' efforts to break the cycle of child abuse.

Advertising Order Form
